

DISTRICT GOVERNOR

Deepak Gupta

Dear President Ankur Jain,

It was of immense pleasure to know that Rotary Club of Delhi Achievers is releasing its Directory 2019-20. Reena joins me in wishing the best for you, your distinguished team and proactive members of the club, which has 'Achieved' great heights in our district.

We are confident that under your leadership and efforts of your club's team, Rotary Club of Delhi Achievers will soar to a new level altogether. The responsibility of holding your club's flag high is now on your strong shoulders, and throughout the year it is best achieved by formulating, mobilising and taking along the members of your club.

The real power of a club's President reflects and echoes for years to come, and your actions will influence and inspire new leaders yet to emerge. Delegation, communication & compassion will be your true friends on this memorable journey. We wish this directory enables and empowers all your members to achieve the club objectives by staying close and on the same page.

Rotary's foundational concepts are simple and well memorised by us all, and this year is a time to put them to practice - service above self & unbound fellowship. Always remind yourself and take pride in the fact that your Rotary Club is not a local organisation, you are an integral part of an ever-growing, thriving and robust international community and a lot depends on you.

ROTARY CONNECTS THE WORLD
