

Teacher Support

T-E-A-C-H

Objectives of the Teacher Support program

- Improve the scholastic and professional skills and performance of Government and Government- aided school teachers
- Make them more confident in their everyday classroom performance
- Teacher Professional Development reinforces teachers' content knowledge and improves their teaching practices.
- Improve the learning outcomes of the students

Activities under Teacher Support

- Training of teachers
 - Regular workshops, seminars and training to enhance the capabilities of a teacher
 - RILM has partners on board for Teacher Training for collaboration
 - Program focus on providing training to the government schools and government aided schools across India
- Recognition to outstanding teachers with the Nation Builder Awards

Teacher Training –Cascade Model

- Cascade Model is one of the Teacher Professional Development models
- Program focus on providing training to the government schools and government aided schools across India
- To train a large number of in service teachers in a short span of time
- Involves training the trainers who then have to train other trainers
- Repeated to lower levels until the target group is reached

Training Partners
